This unaudited interim financial report has been prepared in accordance with the applicable disclosure provisions of Chapter 18 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange of Hong Kong**” or “**SEHK**”), including compliance with Hong Kong Accounting Standard (“**HKAS**”) 34, Interim financial reporting, issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”).

The unaudited interim financial statements have been prepared in accordance with the same accounting policies adopted in the 2023/24 annual consolidated financial statements, except for the accounting policy changes that are expected to be reflected in the 2024/25 annual consolidated financial statements.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 September 2024

2. BASIS OF PREPARATION (Continued)

In preparing the consolidated financial statements, the directors of the Company have given careful consideration to the future liquidity of the Group in light of the fact that the Group recorded a consolidated loss after tax of approximately HK\$12,678,000 for the six months ended 30 September 2024. It has been noted that the Group's current cash balances are insufficient to settle all the current liabilities while the Group's current liabilities exceeded its current assets by HK\$29,760,000 as at 30 September 2024. In view of the implemented measures mentioned in the 2023–24 annual report and issue of new shares under general mandate in June 2024, the Directors are of the opinion that the Group will have sufficient working capital to finance its operations and to meet its financial obligations for at least the next twelve months from the date of approval of the consolidated financial statements. After reviewing the cash flow forecast of the Group, the Directors are of the opinion that it is appropriate to prepare the consolidated financial statements of the Group for six months ended 30 September 2024 on a going concern basis.

Changes in accounting policies

In the current interim period, the Group has applied the following amendments issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2024 for the preparation of the Group's condensed consolidated financial statements:

Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current (the "2020 Amendments")
Amendments to HKAS 1	Non-current Liabilities with Covenants (the "2022 Amendments")
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements

Above amendments have been adopted for the first time in the current accounting period, but do not have material impact on the financial results and position of the Group.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 September 2024

3. NEW OR REVISED HKFRSs THAT HAVE BEEN ISSUED BUT ARE NOT YET EFFECTIVE

The following new or revised HKFRSs, potentially relevant to the Group's consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group's current intention is to apply these changes on the date they become effective.

Amendments to HKAS 21 HKFRS 18	Lack of Exchangeability ¹ Presentation and Disclosure in Financial Statements ²
HKFRS 19	Subsidiaries without Public Accountability: Disclosures ²
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³

¹ Effective for annual periods beginning on or after 1 January 2025

² Effective for annual periods beginning on or after 1 January 2027

³ The amendments should be applied prospectively to the sale or contribution of assets occurring in annual periods beginning on or after a date to be determined

The Group has already commenced an assessment of the impact of adopting the above standards and amendments to existing standards to the Group. The Directors anticipate that the application of new and amendments to HKFRSs will have no material impact on the Group's consolidated financial performance and positions and/or the disclosures to the consolidated financial statements of the Group.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 September 2024

4. OPERATING SEGMENT INFORMATION

Information reported to the Directors being the chief operating decision maker, for the purposes of resource allocation and assessment of segment performance focuses on the category of services and products provided to external customers. The Group's activities (other than design, manufacture and sales of lingerie products) do not meet the quantitative thresholds of operating segment. Accordingly, the Directors have determined that the Group has only one operating and reportable segment, being the sales of lingerie products.

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies.

The Group's other operating segments include provision of social influencers agency services through an online platform and money lending business. None of these segments meets any of the quantitative thresholds for determining reportable segments. The information of these other operating segments together with unallocated items are included in the "others" column.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

The Group is one of the leading retailers of lingerie with shaping functions in Hong Kong, with production facilities in the People's Republic of China (the "PRC") and Hong Kong. During the three months ended 30 June 2024 and up to the date of this report, the Group is principally engaged in the designing, manufacturing and sales of core lingerie products under the core brand of "Bodibra" and sub-brands, namely "June", "oobiki", "Bodicare" and "invisi". During the period under review, the Group principally offers a wide range of the Group's own branded lingerie that are designed with shaping functions which aim to achieve better body appearances, including bras and panties, body shaping underwear and chest support vests. The Group also (1) sells other products without shaping functions, which primarily include breast cream, panties, nude bras, swimwear, bras straps and pads, and waist bands; (2) provides social influencers agency service through an online platform; and (3) engages in money lending business.

It is expected that the Group will continue to face challenges such as high labour cost and shortage of experienced labour, while trying to improve the quality of our products with the highest standard of services.

Although the Directors remain confident in the long term business outlook of Hong Kong, Macau and the PRC and also the performance of the Group, the financial results of the Group in the next six months may potentially be affected as a result of the adversities.

The world economic outlook in 2024 remains challenging due to ongoing geopolitical tensions and trade conflicts while the business environment in Hong Kong, Macau and the PRC could have been better in the past six months.

Despite the uncertain outlook, the Group will continue to explore opportunities in Hong Kong, Macau and the PRC which will provide long term value to our shareholders, and will seek to strengthen our balance sheet and overall financial profile. Prudent financial, liquidity and cash flow management will continue to be the Group's major priority, while executing the cost reduction programs to minimise cash outflows, staff costs, general expenses and capital expenditures at the same time. The Group will try to enlarge its sales network coverage and discuss with shopping mall landlords for new potential locations in Hong Kong, Macau and the PRC for expansion once the business environments have improved.

Total revenue of the Group decreased from approximately HK\$19.3 million for the six months ended 30 September 2023 to approximately HK\$14.0 million as a result of weak retail sales caused by challenging business environments and weak consumer sentiment in Hong Kong.

COST OF SALES AND GROSS PROFIT

The Group's cost of sales recorded approximately HK\$3.9 million for the six months ended 30 September 2024 (2023: approximately HK\$5.8 million), representing a decrease of approximately 32.9% as compared to the corresponding period in year 2023. The decrease in cost of sales was mainly due to the decrease in staff costs and other related expenses.

The gross profit decreased by approximately 25.1% from approximately HK\$13.4 million for the six months ended 30 September 2023 to approximately HK\$10.1 million for the corresponding period in year 2024.

EXPENSES

Selling expenses during the reporting period increased by approximately HK\$1.9 million from approximately HK\$9.9 million for the six months ended 30 September 2023 to approximately HK\$11.8 million for the corresponding period in year 2024, due to re-classification between selling and administrative and other operating expenses.

Administrative expenses and other operating expenses reduced by approximately HK\$3.7 million from approximately HK\$13.4 million for the six months ended 30 September 2023 to approximately HK\$9.7 million for the corresponding period in year 2024.

Overall reduction of HK\$1.8 million in selling, administrative and other operating expenses is partly due to reduction in sales revenue.
